PROFESSIONAL PROFILE

An enthusiastic student with hands-on knowledge of computer languages and much more. With an 7.99 CGPA until the 6th semester, DBMS and Web development being my areas of interest, I aim to work for an organization that will allow me to learn, enhance my skills and improve my abilities to benefit both the organization and myself

WORK EXPERIENCE

Vakil Search

Jun 2023 - Jan 2024

Working as a Front end developer and gained expertise in constructing highly responsive websites using React and Next.js. Developed my skills in creating reactive web applications that prioritize user interactivity and efficiency, ensuring an engaging user experience.

Cyfotok Infosec

Jan 2024 - Present

Working as a full stack developer, I specialize in creating dynamic, responsive websites customized to our clients' needs. As a core team member, I've played a key role in delivering multiple successful projects, always striving to exceed customer expectations. Continuously staying updated on emerging technologies, I drive innovation and excellence in our web applications.

Carmel Garden Matriculation Higher Secondary School
HSC -64.66%
Year of completion 2020

ACADEMIC PROJECTS

Biker Developement Website

Created a React-based website for bike services, offering a user-friendly platform for bike enthusiasts. This project provides a seamless experience to explore services, maintenance tips, and potentially an online store for bike-related products. The focus is on enhancing user experience and reliability for cycling enthusiasts seeking service and information.

Seo Optimizer

Developed an SEO-optimized solution that retrieves content from Google Sheets and implements changes using Node.js along with the Google Sheets API

CERTIFICATIONS

- Java Certification in Hacker Rank
- Sql Certification in Hacker Rank
- Java Certification in Coding Ninjas
- Next js Certification in Udemy

DECLARATION

I hereby declare that the above mentioned details are accurate to the best of my knowledge and belief.
